

EVENET – An eco-evolutionary network of biotic interactions

Symposium:

Eco-Evolutionary research in Flanders:

Concepts, model systems and analytical tools

All partners from the research network will present their research on the interactions between ecology and evolution, from genes to ecosystems (and back)

NEW DATE: Friday 23th September 2016

Time: 10.00AM-4.00PM

Location: Large lecture room (Groot auditorium) – RBINS (Vautierstraat 29 – 1000 Brussels)

Registration is mandatory: [HERE](#)

Host and info: Prof. Dries Bonte – Dries.Bonte@Ugent.be
