

## Seminar:

# Insect adaptations to climate change: it is all about timing

**Prof. Dr. Thomas Hovestadt – University of Würzburg (Germany)**  
**Timing colony transitions in social insects**

**Dr. Jens Joschinski – Ghent University**  
**Insect diapause is sensitive to climate variability: A meta-analysis**

**DATE:** Friday December 14, 2018 – 10.30-12 AM

**Location:** Lecture room 11<sup>th</sup> floor, Campus Ledeganck

---

**Host and info:** Prof. Dries Bonte – [dries.bonte@ugent.be](mailto:dries.bonte@ugent.be)
